We would like to welcome you to our practice. We appreciate your selection of our office to serve your needs. Our entire staff operates as a team and we take great pride in each staff member's training and capabilities. We strive to understand your needs and assure your comfort during visits to our office.

Your initial appointment consists of a very thorough evaluation of your oral health including your teeth and soft tissues. A screening for oral cancer will also be performed. We have reserved enough time so that you and Dr. Beaini can discuss the results of your examination and treatment recommendations designed to restore your oral health.

Our office policy is all new patients pay at the time of their first visit. We accept any form of payment **except: American Express or Care Credit**. The exam fee is approximately \$95.00. If Dr. Beaini needs to take any x-rays, the x-ray fees are in addition to the exam fee and can range from \$25.00 to \$125.00 depending on the type of x-ray.

Please fill out the front and back of the enclosed patient information form. To serve you better, we ask that you bring the following to your appointment: **completed history & HIPAA form, referral card (from your general dentist), dental insurance card, photo id and medication list**. It is extremely important that we have a complete list of all the medications you are taking both prescription and over-the-counter. Our goal is to provide the very best possible care for our patients so that you may achieve optimal dental health and preserve your teeth throughout your lifetime. If you have any questions, please call our office (573-443-0593); we look forward to meeting you.

Sincerely,

Dr. Beaini and staff
